## STOCK EXCHANGE IS AGAIN ACTIVE

Trading Takes on a Keener Tone, Although the Turnover in First Hour Was Not Heavy.

New York, Dec. 8.—Business in the first hour on the stock exchange was active, but the turnover was moderate. Dealings in steel were greater than the combined operations in all other leaders. Steel fell to 84½ before it rebounded to 87½, and other prominent issues were subject to the same irregular tendency.

Bonds were lower. Selling of the general character that attended yesterday's late dealings was resumed at today's stock market openings, some specialties yielding as much as a point. United States Steel fell ½ to 86½, almost two points under yesterday's best quotation. Reading, Union Pacific and Erie were equally heavy. High priced motor shares made partial recovery. Among the few initial gains on moderate proportions were Pennsylvania, St. Paul, and Northern Pacific.

## LIVERPOOL WORD CAUSES A SLUMP

Acting in Sympathy With Foreign Quotations Chicago Wheat Drops at Opening.

Chicago, Dec. 8.—Lower quotations at Liverpool caused the wheat market here to drop at the opening but commission houses took all offerings on the decline and caused the market to rise sharply. Alternate falling and rising followed and the market then steadied. Opening prices ranged from a shade to ¼c lower, with December at 1½ to 1½½ and May at 1½ to 1½½, a shade to ¼c lower.

On bullish estimates of the acreage of winter wheat seeded in the United States, prices dropped, then rallied on news of export sales. The close was ½ to 1½c net lower with December at 1½½ and May at 1½½.

Corn limited wheat, reacting from an early break. After opening ½ to 1½c down, prices ascended and showed good gains.

Corn closed at ¼ to ½c net loss. Oats took the same course as other grains.

Private-wire houses and big packers buying lifted provisions.

In every age of the world there has been a leading nation, one of a more generous sentiment, whose citizens were willing to stand for the interests of general justice and humanity at the risk of being called by the men of the moment chimerical and fantastic. Which should be that nation but these states?—Emerson.
